69th Annual Fall Conference

September 12-16, 2022

Mission Point
Mackinac Island

president's welcome

Welcome to the 2022 Michigan Association of Airport Executives (MAAE) Annual Conference. The MAAE Board of Directors are very pleased to have our friends and colleagues join us at the exceptionally comfortable facilities of Mission Point Resort on Mackinac Island. It is our hope that Mission Point and the Mackinac Island environment will enhance your conference experience.

Members of the MAAE Board have once again collaborated with representatives of the MDOT Office of Aeronautics to assemble a full agenda of speakers and interactive panel session topics. All sessions are designed as open forums for sharing new information and ideas, as well as informing attendees about changes and opportunities available to our airport communities.

Additionally, we are fortunate to always have a variety of airport consultants, service providers, and vendors participating and supporting our conferences. These industry professionals are on hand to share information about their services, equipment, and product offerings. Please take advantage of opportunities to meet with the representatives regarding services and products that can meet the needs of your airport. We thank the representatives for sponsoring our conferences.

Each evening there will be opportunities to share dinner and socialize. Thursday afternoon includes a choice of golf or kayaking and later that same day, we will enjoy dinner together. There will also be special recognition presentations during the conference to recognize the Airport Manager of the Year!

On behalf of the MAAE Board, we look forward to seeing you on Mackinac Island!

Sincerely,

Miles Weaver, President
MAAE Board of Directors

Special Entertainment

Dwayne L. Gill
To Protect and Serve The Funny!

Everyone has heard the old saying "Good Cop, Bad Cop? Well meet Funny Cop,

As a professional stand-up comedian known for his engaging personality and stage presence, he can be depended on to serve up laughter wherever he appears. And when it comes to protecting, it's not your funny bone he's worried about - it's the citizens of Michigan, since he's also a police officer.

Feeling his job requirements were a bit too serious for someone considered funny since birth; Dwayne found an outlet for his humor when he first stepped onto a comedy stage in 1993. To say he was well received would only serve to protect the audience from what really happened. They went crazy with laughter. After only two more performances, he joined the ranks of professional comedians with his first paid booking at Gadzooks Comedy Club.

"Right then I knew comedy was what I was here on earth for," he laughs. "And I'd much rather take laughter than a bullet any time."
